

# Yearly Status Report - 2017-2018

Part A					
Data of the Institution					
1. Name of the Institution	NIMS UNIVERSITY RAJASTHAN, JAIPUR				
Name of the head of the Institution	B.R.Meena				
Designation	Vice Chancellor				
Does the Institution function from own campus	Yes				
Phone no/Alternate Phone no.	0141-2388964				
Mobile no.	9116010405				
Registered Email	registrar@nimsuniversity.org				
Alternate Email	pvc@nimsuniversity.org				
Address	NH-11 C Jaipur				
City/Town	Jaipur				
State/UT	Rajasthan				
Pincode	303121				

University	Private
Type of Institution	Co-education
Location	Rural
Financial Status	Self financed
Name of the IQAC co-ordinator/Director	Dr Sunil Sharma
Phone no/Alternate Phone no.	01412388965
Mobile no.	9116010405
Registered Email	pvc@nimsuniversity.org
Alternate Email	provc@nimsuniversity.org

## 3. Website Address

Web-link of the AQAR: (Previous Academic Year)	<pre>https://drive.google.com/file/d/1p2C GpHGd7j6gFSlrLQJEbg2c5Um7mLSx/view?usp= sharing</pre>
4. Whether Academic Calendar prepared during the year	Yes
if yes,whether it is uploaded in the institutional website: Weblink :	https://drive.google.com/file/d/11f_LN2 0WnJo7smCLFTgaFmqbDM5FcR/view?usp=sha ring

## 5. Accrediation Details

Cycle	Grade	CGPA	Year of	Vali	dity
			Accrediation	Period From	Period To
1	B+	2.56	2019	08-Feb-2019	07-Feb-2024

## 6. Date of Establishment of IQAC

20-Mar-2017

## 7. Internal Quality Assurance System

Quality initiatives by IQAC during the year for promoting quality culture							
Item /Title of the quality initiative by IQAC	Date & Duration	Number of participants/ beneficiaries					
No Data Entered/Not Applicable!!!

4. Whether AQAR was placed before statutory ody ?			Yes						

Name of Statutory Body	Meeting Date		
Academic Council & Board of Management	24-Dec-2021		
15. Whether NAAC/or any other accredited body(s) visited IQAC or interacted with it to assess the functioning ?	Yes		
Date of Visit	27-Dec-2018		
16. Whether institutional data submitted to AISHE:	Yes		
Year of Submission	2018		
Date of Submission	18-Dec-2018		
17. Does the Institution have Management Information System ?	Yes		
If yes, give a brief descripiton and a list of modules currently operational (maximum 500 words)	University Management System (UMS) is business intelligence enabled webbased ERP product for effectively managing complete university functions including real time information processing and knowledge management. UMS practically cover the entire area of operations and automation of the various university functions via modular categories, such as Student Lifecycle Management, Administration Process, Financial Management, HRMS and Operations. It is an integrated system that facilitates processing of large volumes of information in its subsystems which includes, but not limited to Engineering, Inventory, Asset, Facility, Transport, Library, Establishment, Payroll and Student fees among various departments in the institutions. UMS also act as the foundation and collaborative platform to foster Research and Education Delivery including ELearning methodologies. https://docs.google.com/ document/d/1jEKZAvwkR9dQZWvRo7yVZruM6ae fCjsN/edit?uspsharingouid10903645612945 0893256rtpoftruesdtrue

1.4 – Feedback System								
1.4.1 – Whether structured feedbac	k received	from all the	stakeholde	rs.				
Students					Yes			
Teachers			Yes					
Employers			Yes					

Alumni	Yes
Parents	Yes

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

### Feedback Obtained

1. Process for Collecting Feedback from Stakeholders To gain a general understanding of the curriculum, teaching learning, LMS, Infrastructure, facilities, laboratory, library, Etc. Feedback collected during the year 2017-18 from the Students, parents, alumni, and teachers for the development of whole institution. The 3600 feedback collected by the institution and analysed along with the action taken report. 2. Analysis of Reactions and Action Taken The IQACs data collection was sorted and aggregated prior to writing the analysis report. The data was then transformed to chart form and encoded for optimal interpretation. The analysis is performed on a year-by-year basis as well as on a parameter-by-parameter basis. All stakeholders concerns are taken into account with great care and attention. The teachers discussed and evaluated the curriculum recommendations received from various sectors. The proposals were gathered for distribution to instructors who serve on various Boards of Studies and Syllabus Revision Committees, as well as those who attended the Universitys Syllabus Revision Workshops. Appropriate suggestions were created and disseminated to ensure that issues were addressed properly. ht tps://docs.google.com/document/d/1IrJ93hcJEEndW0VA7hyyZIwfvId4KQZ/edit?uspsharingouid109036456129450893256rtpoftruesdtrue

### 2.3.2 - Students mentoring system available in the institution? Give details. (maximum 500 words)

Students admitted in the University are often from different backgrounds and the programs selected by them are sometimes not aligned with the educational background. All students are admitted in the University by clearing admission test, which is the criterion for admission. The results of the admission test are considered as a basic idea the faculties on rely on to identify the slow and advanced learners. Bridge course is arranged for all students in the beginning of their Program to ensure that all the students from different backgrounds share the same knowledge pool. On the commencement of classes, the teachers evaluate the learning abilities of the students by direct assessment such as internal assessment, exams, tests, viva, open book test, etc. and indirect assessment such as projects, practical examination, group discussion, presentation etc. Slow learners identified are given special attention to by arranging remedial classes outside class hours. These classes are conducted as and when the faculty feels it is necessary for special attention for the slow learners, such as before exams, or during times when they are having difficulty understanding. Students are also mentored to identify if there is a problem area and solve it. Advanced learners are identified based on direct and indirect assessment by the faculty, and adequate and appropriate support is given to them to support them. Advanced learners are provided with extra study materials and library access hours etc. They are encouraged to work with the faculty on the projects they are working on and assist them. Opportunities to be a part of short research projects are provided and the students are encouraged to take them up. Advanced learners are also encouraged to take seminars and presentations in the class, thus promoting peer learning, which in turn helps the slow learners too. The students also get support of study materials and course materials available on the go, in the mobile app for LMS. Online assignments and MCQs are available on the LMS software, which helps the staff assess the learning abilities of the students efficiently and continuously.

Number of students enrolled in the institution	Number of fulltime teachers	Mentor : Mentee Ratio
7162	597	1:12

## 2.4 – Teacher Profile and Quality

2.4.1 - Number of full time teachers appointed during the year

No. of sanctioned positions	No. of filled positions	Vacant positions	Positions filled during the current year	No. of faculty with Ph.D
548	597	Nill	31	129

2.4.2 – Honours and recognition received by teachers (received awards, recognition, fellowships at State, National, International level from Government, recognised bodies during the year)

Year of Award	Name of full time teachers receiving awards from state level, national level, international level	Designation	Name of the award, fellowship, received from Government or recognized bodies

4.4.2 – Procedures and policies for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc. (maximum 500 words) (information to be available in institutional Website, provide link)

• The Technical Support Team (TST) is responsible for the maintenance of computers and other accessories. • The Technical Support Team consists of computer operators, administrators and lab attendants. • The university also gives annual maintenance contract (AMCs) for repairing and supply of computer/ accessories • Purchase of new equipments/accessories is made during expansion/obsolescence/ up gradation mode. The university facilitates through procurement, training, repair and maintenance of its systems. The use of computer-aided teaching/learning materials is in the domain of individual teacher and department and the university supports these financially, whenever required or requisitioned. University avails the web resources through which it makes the classroom interaction more effective. • Since most students are techno-savvy, multi-media approaches are familiar as well as interesting for them. • The Audio-visual mode has always been an effective strategy which is more stimulating than blackboard learning or dictation of notes. • A student is motivated by his/her curiosity and is also able to access the material around a topic independently through e-resources and other resources. • Online interaction is also possible in the classroom. The college allows using laptops and students also use their smart phones to go online. There are established procedures and systems for utilizing and maintaining physical and academic support facilities such as library, sports facilities, computers and classrooms. Full time maintenance personnel are available to provide services such as electrical work, plumbing, furniture upkeep, building maintenance, gardening, maintenance of sports facilities and house-keeping. Technical support and maintenance are provided by Lab Assistants in the Management and Computer Science laboratories. Need based contracts are signed for equipment maintenance and college engineering works such as elevators, air conditioners, UPS and generators. There is also a team of house keeping staff and maintainence team that take care of maintaining all the facilities in the campus regularly. There is also repair personnel like electricians, carpenters etc avaialble in the campus. The University also makes sure there is painting repair, maintainence work done whenever necessary. There are gardening staff available to take care of maintainence of plants, trees lawns etc. Regular watering and mowing is also taken care of by the same team There are separate staff for maintaining all the available sports facilities. They also take care of alloting the equipments to the students when requested.

The University has a alumni association that every student who graduates from the college is part of. The fee for registartion is collected as part of the fee when they take admission in the University. There is alumni meet held every year. The Alumni also have access to an app where they can post jobs, internship opportunities for the current students. Feedback from the Alumni is also collected through the app.The feedback given is analysed online and necessary actions are taken after discussions. Alumni have also made nonfinancial donations like books to the library, planted trees etc. Outstanding student in the University is felicitated during the alumni gathering. They are also asked to talk to the students during orientation program conducted during the beginning of the session.

5.4.2 – No. of registered Alumni:

35723

5.4.3 – Alumni contribution during the year (in Rupees) :

411000

5.4.4 - Meetings/activities organized by Alumni Association :

As resolved by the Executive Committee of the Alumni Association of Nims University Rajasthan, Jaipur dated August 18, 2017, an Alumni meet was held on 18/09/2017 in the Rajeshwari Auditorium, Nims University, Jaipur at 11:00 am. Dr. K. P. Singh, Registrar of Nims University Rajasthan, Jaipur presided over the meet and Prof. (Dr.) Balvir S. Tomer was the Chief Guest and other office bearers of the Nims University were also present. Registration of the Alumni started at 10:00 am at the entrance gate of Rajeshwari Auditorium. 242 Alumni, including the executive of the Alumni organizing committee attended the meet. The function started with the lightening of the lamp before the Goddess Saraswati. The President of the Alumni Meet and the Convener welcomed the Alumni. The Convener of the Meet presented the previous year and the Alumni Meet dated 15.02.2015. In inaugural address, illustrious Chairperson of the Nims University Rajasthan, Jaipur expressed that this is the VIII th meet of Alumni in the Glorious Rejeshwari Auditorium of the University. He said that many strategies and tactics of the Alumni Association may became a force in helping to find out opportunities of Career to the students of Nims University Rajasthan Jaipur. He further said that the support of alumni remains instrumental to our continued success. Thank you for your ongoing partnership and commitment to Nims University Rajasthan Jaipur. We hope you enjoy your online visit and look forward to seeing you on campus again soon. He expressed his wishes at his people to progress to achieve good and respectable positions and greeted those who are serving the society with their best efforts. He also wished success of the function. The participants discussed the ways and means to contribute in the development and the progress of the university through their Alumni forum. They emphasized to enrich the University with their experience in professional career with regards to development of the curriculum suitable to the present industrial environment. Philanthropic worthiness to make contribution to our alma mater and provide health guidance services, consultancy to the society. They also suggested to start naturopathy and yoga as extra activity in the university. The Alumni suggested to initiate awards by the Alumni Association for the student securing highest marks to the course.

They suggested to initiate mobile launch mobile application using this noble and innovative application so as to be able to access and search recent developments. The president of the function Dr. K. P. Singh, Registrar expressed his blessings to progress in every spare of life and the career. In the evening Cultural function was organized. At the end the Convener of the meet thanked to the office bearers of the University and participants of the meet. The function ended with play of National Anthem followed by Dinner. Submitted to the Chairperson of the University.

#### **CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT**

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

• All teaching and non- teaching staff contribute in the management of university affairs. The university staffs are associated with Board of Studies,

State / National Level Events, Co-curricular Activities and various committees at university and departmental level. • The infrastructural planning, planning for equipment procurement, ICT requirement, academic planning and financial planning in the short and long term are carried out after extensive discussions at various levels a time frame is agreed upon. • Faculty members of each department are also members of Board of Studies, Committee for Advanced Studies and Research and the All Deans, Principals and HODs are the members of • Academic Council. The powers and the functions of each authority and body are well-defined as per Act and Statute to ensure administrative decentralization. The proposals are generated at the grass root level and after careful consideration and deliberations the recommendations of various bodies regarding academics are discussed at Academic Council and if policy matter, then discussed at Board of Management, which arrives at the final decision. • Statutory bodies, Academic Council, Examination Committees and Board of Studies all ensure participative management. Management of curriculum, courses, and syllabus, examinations, tests, evaluation and teaching learning programs, cultural, sports and alumni activities in the schools/institutes and Student feedback analysis and action thereon are also indicative of participative management system.

6.1.2 – Does the institution have a Management Information System (MIS)?

Yes

## 6.2 – Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

2		
	Strategy Type	Details
	Admission of Students	In the council governed programmes, admissions done on the basis of their respective guidelines. Other than council Merit/ entrance-based admission are being done.
Industr	y Interaction / Collaboration	Academia-Industry interaction helps th university for the better sharing of our academic and research knowledge. Industrial visits by our students and faculty and collaborations stimulates the better understanding of industry and market needs. Industry These interactions have enhanced the acumen of our alumni and have brought laurels to the University.
Hu	man Resource Management	Human Resource Department of the university looks after the Staff welfare from the recruitment to enhancing their skills in furtherance with the success of the University. The faculty are rewarded and recognized for their efforts and all the outstanding contributions are acknowledged. There are fully functional grievance redressal mechanism and wellness centre within the campus so as to look after the healthy environment for the workforce of the University.
Li	brary, ICT and Physical	The University offers excellent

Infrastructure / Instrumentation	<pre>library services to a wide spectrum of users, including students, scholars, faculty members and visiting scholars. The University library system comprises of more than 38 libraries attached to different departments/ Colleges/ institutions in addition to central library facility. The resources of library include 29,123 titles, 71,128 books, 1093 back volumes, 2276 hard copy of journals, 16,120 full text online journals, 52 micro documents in Digital Library, Micro film facility, skill laboratory. Full air-conditioned, with J Gate E Journal Portals internet is visited by its users and has a capacity of accommodating more than 1200 students and faculty at one point of time. Library have been equipped with audio-visual aids for facilitating teaching learning process.</pre>
Research and Development	Research Incubation and research culture is encouraged in the University. University motivates student with research fellowships faculty members are encouraged for research and provided seed money for their work. We host scientific seminars, CMEs, workshops. Various MoU's with Universities and research centres and industries has been established for the idea sharing. More than 500 research students/assistants are working on different research areas. A dedicated committee for research is working for all research promotion activities.
Examination and Evaluation	Continuous internal assessment system is conducted through quiz, class tests, and assignments. We have also introduced online MCQ as a part of internal assessment. All the faculties have uploaded question bank of multiple- choice questions in the Institution LMS. Online question papers are created by randomly selecting predefined number of questions from the question bank. Students can take the online MCQ. Student centric evaluation is carried out in the Examination department under strict vigilance. The Credit based scoring system is already in place for evaluation of students in their areas of interest.
Teaching and Learning	Teaching and Learning process has been established in a way that impart the modern process. Student are guided

	<pre>in an open-ended manner for the best outcomes. ICT enabled classrooms make teaching very interactive. Group discussions and Seminars with the eminent speakers make the study more viable and useful. faculty are encouraged to participate as well organize seminars for the benefit of students and faculty.</pre>
Curriculum Development	In Nims University, we have implemented the curriculum designed by the governing councils, i.e., National Medical Commission/Medical Council of India, Dental Council of India, Indian Nursing Council, Pharmacy Council of India, Bar Council of India, Council of Architecture, Rajasthan Paramedical Council, etc. Through the Periodic Board of Studies modifications which are suggested by subject expert are done. After getting inputs of different stakeholders' curriculum revamped with the approval of Academic Council.

6.2.2 – Implementation of e-governance in areas of operations:

E-governace area	Details
Finance and Accounts	Finance module of ERP system held to maintain the record of salary, fee collection for academic activities, exam, hostel etc of the Nims University. Student Fees' submodule can generate receipts, challans and reports. Student can deposit their fee online. All the faculty can view their salaries online and any discrepancies are immediately resolved. The administrative office keeps all financial records separately as per the events and transactions made and regular audits conducted by internal and external Agency.
Planning and Development	ERP Module of the Nims University covers the planing of academic and administrative activity related to admission, feedback of Stakeholders, Complaint System Management and recruitment etc. The recommendations of the Planning Monitoring Board are placed before the Board of Management for consideration and approval. Proposals relating to academic matters are processed through the Academic Council. Periodic Board of Studies, Committee for advanced study and research, Academic Council Meetings are held. Online feedback from the students and employee are taken and assessed.

	<pre>the record of all employs (Teaching and Nonteaching staff) and students database of the Nims University. The admission, human resource management, Accounts functions, student feedback and grievance redressal are executed through online system. Biometric attendance provision is there for teaching, non-teaching staff and students too. The University campus is equipped with CCTV Cameras at every place of need with adequate security arrangement to ensure security of students, faculty and staff etc.</pre>
Student Admission and Support	The registration of student for getting admission under Diploma, UG, PG and research program is on ERP system with toll free number. After admissions through centralized admission system in the nims university, this valuable data is available to office of the controller of examination, admission cell and concerned colleges for further usage. The data can be transferred to College ERP and colleges can use this data to print ID cards and bonafide certificate.
Examination	University has fully function Examination Data Management ERP module. As per the requirement of Examination committee of constituent institute/ college / department, all the necessary equipment is provided by the University. The examination department takes all measures to maintain secrecy and transparency during whole examination procedure. Examination management related arrangements like attendance, time table, hall tickets and allotments can be organized efficiently and effectively.

#### NA

6.5.3 – Activities and support from the Parent – Teacher Association (at least three)

 Parent Teacher Interaction regarding Rules, guidelines and policy of the university.
 Parents along with teachers are the important part of diffent cells/committees of the university. Suggesions of the committee play an important role in reform of our process.
 Feedback collected analysed and utilized for further academic and administrative development.
 Student's performance is discussed and new revamping methods are developed for improvement of student learning skills.
 Mentor interact with parents and make them aware with all the progress of students.

6.5.4 – Development programmes for support staff (at least three)

Personality and Communication development programme. Computer MS office training programme Entrepreneurship development programme.

6.5.5 – Post Accreditation initiative(s) (mention at least three)

• It was observed that CBCS system is more adaptive across all programmes. Hence, CBCS option is now available in many programmes for the better knowledge, skill and aptitude gain of the students. • Research promotion activities are promoted at large. A number of JRF and research assistance are being provided to deserving students. Faculty members are also being provided seed money for conducting research work, participation in conferences and seminars, etc. • All efforts for collaboration with international and national academic institutes and industries are always encouraged. The MOU's have helped the exchange of advanced graduate and professional students along with the faculty members for collaborative as well as independent research. • Student and faculty members are given opportunity to publish their research articles and patenting. University bears all part of its research work any process.

7.1.7 – Initiatives taken by the institution to make the campus eco-friendly (at least five)

1. University has both Pedestrian Friendly Roads and Bicycles/E-carts for the transport within the campus. 2. We promote No Plastic Policy" includes not only consumer alternatives to dispose off plastics, but more importantly, organizing advice on running campaigns. 3. The university has planted various trees as an important part of the biosphere supporting the eco-system. 3. Different kinds of trees like Juniperus, Hare Krishna Tree, Alstonia Scholari, Tecomastans, Horsinigar, Amelia, Gold Duranta, Platycladus, Ashoka, Palm, Bottle Neck, Fuhara, Chinse Fan Pala, Jamia Pol, Cycas Palm, Sheesham, Neem, Megnolia (Champa), Debt Tree and many other big and mini plants, have been planted in the campus. Apart from the above plantations, buildings of university have lawns, flower pots and trees. Both sides of access roads are planted with hedges trees and plants. There is a green house in the campus that is manitained by the department of Agriculture engineering. 3. Green audit is also conducted to assess the effect of environment pollution and the steps taken by the university to curb the same. Green policy is also in place to keep have a better check on environmental quality via various activities and also to comply with the green/environmental policy which is in place. 4. Energy conservation: The University encourages minimal consumption of energy. This is carried out by creating awareness among the all the staff and students, notices are put up to encourage the same. Switch off drill is conducted in the institutes to help bringing about cognizance about energy conservation. Solar panels are installed to help save energy. There is more than 90 usage of LED bulbs in the entire campus. 5.Car-pooling/vehicle pooling is encouraged in the college. There are also bus facilities for transportation for staff and students.

#### 7.2 – Best Practices

#### 7.2.1 - Describe at least two institutional best practices

• Title of the practice : Adaption of inter-disciplinary approach between medical sciences and allied health sciences for enhancement of clinical and research skills. • Objectives: Integrate multidisciplinary approach between medical sciences and allied health sciences for enhancement of clinical and research skills among allied health professionals and Increasing employability, entrepreneurship. • The Context: Low number of allied health professionals like paramedical, nurses and midwives remains one of the biggest challenges that health industry is facing in India. Due to lack of appropriate training resources, even the newly qualified workforce of allied health professionals lack high level of professional skills and therefore, remains unable to perform

at the optimum level. This coupled with the apparent discrepancy in different states and urban-rural areas, means that a large number of population, mostly rural dwellers or the poor urban is liable to receive care from unqualified or under-qualified providers. After recognising the situation, our University

streamlined its resources towards developing state-of-the-art interdisciplinary, integrated and innovative approaches to health care education which is directed towards enhancing employability, knowledge and skills of the trained health workers. • The Practice: Our University offers allied health programmes in number of disciplines including paramedical, nursing, physiotherapy and pharmacy. The constituent colleges have good facilities, highly qualified teachers and excellent research environment to perform cutting edge research and innovations. These facilities and resources remain essential for performing advanced research and mastering the professional skills of their disciplines, it is difficult to imagine that the professionals can acquire their maximum potential without receiving hardcore clinical training. In order to overcome this, we have adopted inter disciplinary and innovative methods of training which pay attention to the clinical training of all allied health professionals. Nims University has got an associated medical college with one of the largest number of beds in our state. It has got all clinical training facilities including bedside teaching, OPDs, theatres, etc. All allied health professionals are given relevant

clinical training facilities as a part of their curricula. These interdisciplinary methods of training have improved the quality of graduates dramatically. As demonstrated by the increasing number of placements for the allied healthcare graduates passed out from Nims University, this approach has been successful in augmenting the skill-set and hence employability of these trainees. Furthermore, aligning ourselves to our vision of achieving global entrepreneurship Nims University aims to impart the required skills to all trainees. Conducting research remains one of the most important attributes in our trainees and therefore they are provided with relevant training in research methodology and tools of biostatics. Nims institute of management and computer sciences plays a vital role in imparting entrepreneurship and management skills

in our trainees. • Evidence of Success Physiotherapists, Paramedical and nursing students getting good jobs or becoming entrepreneurs Establishment of state-of-the-art centres like National Referral Centre for Fluoride Poisoning

in India (NRCFPI). • Problems encountered Lot of investment to set for infrastructure and facilities. Coordination between different department BEST PRACTICE 1. Title of the Practice: University Staff welfare 2. Objectives of the Practice • To improve quality of teaching and research of the Institution without hindrance of timing • To develop 24X7 hrs working culture in research • Mentoring students round the clock • To produce sustainability for economic growth of employee and Institution • 24X7 hrs ground teaching and curricular activities. 3. The Context The Nims University Rajasthan, Jaipur situated in Aravali hills on Jaipur-Delhi Highway. It is 40 km away from the Jaipur City

and around one hour required to reach university from the Jaipur city. Therefore, maximum numbers of faculty wish to save time and money. They wish to devote the time for research. While the academic achievements of the faculty are taken care of through various general as well as some specific programmes, it is felt very important to address to the welfare of the Staff so that they feel secured in their job and devote to the academic assignments without much

worry about the general social conditions, increasing tensions of the globalised world, etc. Being alive to these requirements, the University has established staff quarters, research facilities, health safety, library, sports, Security, CBSC school for child education, cafeteria and provide the facilities for transport also. 4. The Practice a.Total No. of faculties doing PhD in Nims University -69 b. Total no. of staff resident in campus- 268 • Health benefits for All staff and their family • Nims International School (CBSE) for staff?s child at minimum fee • Faculty involve in graduate research programme • Job Opportunity for spouse of staff 5. Evidence of Success • Increased staff retention • Wellness of the faculty • Increased research profile of the Institute • Growth in number of students and faculties for research and academics events. • Three patent applications filed in previous year. 6. Problems Encountered and Resources Required • Additional infrastructure is required to sustain practice. • To indentify appropriate and

willing staff to work together in setting to achieve the excellence of practice.

Upload details of two best practices successfully implemented by the institution as per NAAC format in your institution website, provide the link

https://docs.google.com/document/d/1qvY6PKPEfgDAqciXao-ZzAh57wzhlm0J/edit?usp=sharing&ouid=109036456129450893256&rtpof=true&sd=true

### 7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

Nims University owes its existence and support to Indian Medial Trust through an Act of Rajasthan Legislature. Within a short span, Nims has attained the status of 2(f) of the University Grant Commission and has gained recognition by NMC/MCI, DCI, PCI, Indian Nursing Council, Council of Architecture, BCI and Rajasthan Paramedical Council. Latest modern and sophisticated equipment have been added to central diagnostic division of the Nims Hospital. Lecture theatres have been equipped with audio-visual aids. Three new super specialty departments namely Cardiology, Nephrology and Cardio Thoracic Surgery have been added. A new mile stone, in the name of In-Vitro Fertilization has been added. Patients are taking full advantage of these Bio Engineering technique using stem cell to create cornea and part of cornea is being transplanted with success in the Department of Ophthalmology. This technique provides vision to those who cannot gain vision through regular corneal transplant or have inherited genetic degenerative conditions of cornea. Corneal transplant in patients with corneal opacity has provided vision to large member of blind individuals starting from the age of few months. For the prevention of blindness, camps are regularly organized.
