## UNIVERSITY CONSULTANCY POLICY

The Nims University Rajasthan, Jaipur since its establishment has progressed in all spheres of teaching, research and field work. The university has developed expertise to provide consultancy to various stakeholders. University also requires the consultancy services of reputed organizations and individuals in the field of their expertise.

Therefore, it is proposed to prepare a policy for offering and receiving consultancy services in various fields/disciplines of university. After discussions and consultations, following policy is proposed for consultancy services.

**1. To offer specialized consultancy by university to various stakeholders:**

The consultancy will be offered by university in areas like medical, dental, pharmacy, engineering and management.

The stakeholders will be awarded consultancy by university by mutual discussion and agreement. A consultancy fee will be charged for offering service and fee will be decided by mutual agreement. The period of consultancy will be at least for one year duration.

The revenue generated from consultancy will be paid to the consultancy provider.

**2. To receive consultancy:**

The reputed organizations/individuals will be selected for providing consultancy to university in various innovating research programmes. The consultancy organization/individuals will be identified for such fields where consultancy is required in teaching and research. The conditions of consultancy and cost will be decided by mutual agreement between university and consultancy provider. The duration of consultancy will be of minimum duration of one year.
